

Legislative Update February 8, 2019

SECTION 1: GENERAL

Today already represents the 25th Legislative Day of the 2019 Legislative Session with crossover approaching just two weeks from today. In many ways, it seems like it's been much longer especially days like today when I'm trekking to and from the hinterlands of the Capitol parking lot!

Bills are piling up on the House calendar and I'm sure we'll start seeing multiple floor sessions beginning next week as they scramble to chip away at the backlog. Before today's House floor session there were nearly 70 bills just on the 11th Order where bills ultimately get the thumbs up or thumbs down. Reminds me of the old saying - "if it weren't for the last minute, nothing would get done."

Gambling has again been the subject of much debate and aggressive lobbying this session. Last Friday, House Bill 1443 hit the House floor seeking to expand the state's gambling options to include historic horse races. The bill ultimately passed the House on a vote of 48-43 and is now off to the Senate. Two other bills in the House would further expand betting options by allowing sports betting. One of the bills would limit it to professional sports while the other would allow professional or college sports wagering. The latter bill (HB 1254) received a "do pass" out of committee by a 9-5 vote. These bills are certain to garner spirited debate on the floor as well.

The Ethics Committees from both chambers were also busy Wednesday and Thursday of this week dealing with implementation aspects related to the passage of Initiated Measure One. The Senate version seems overly strict and punitive while the House version probably doesn't go far enough. I think it's the general consensus that the House version survives with some amendments out of the Senate version. It's important that the rules be clear, because there's a great deal of uncertainty right now.

I reported last week on House Bill 1220 which was our collaborative bill seeking to require ag suppliers to provide notification to lienholders of record when they extend credit in excess of \$50,000 for supplies that may ultimately become an Ag Supplier Lien. As I also reported in last week's update, opposition was significant and rather than have the House Agriculture Committee kill the bill, we proposed an amendment that would turn it into a legislative management study during the 2019-2020 interim. The study, as proposed and in coordination with the secretary of state, would research how the state's Central Indexing System could be used to provide notification to a secured lender when a superpriority lien is filed on that collateral. I would guess this will get to the House floor late next week.

Finally, a couple of income tax relief bills on the House side have worked their way through committee. House Bill 1222 sought to eliminate the existing individual and corporate tax structure and impose a flat individual and corporate income tax at a rate of one percent. This bill was driven by the Bastiat Caucus which characterizes itself on its website as "North Dakota's Liberty Caucus". This bill received a 10-3 "do not pass" out of the House Finance and Taxation Committee Monday and failed 17-71 on the floor today.

Alternatively, Representative Craig Headland's House Bill 1530 proposes using Legacy Fund earnings to reduce taxes and ultimately repeal taxes within an estimated 10 year time frame. This bill came out of the committee he chairs Wednesday with an 11-2 "do pass" recommendation but was publicly rebuked as bad policy by Governor Burgum. Could be an interesting ride for this one.

SECTION 2: BILL UPDATES FROM ICBND “PRIORITY” TRACKING LIST

SB 2130 – sought an interim study relating to state agency fees. It was amended to include coordination with the state auditor and passed on the Senate floor Tuesday by a vote of 42-4.

SB 2296 – relates to BND’s loan guarantee program and would increase the amount that could be transferred from the strategic investment and improvements fund to the guarantee reserve fund by \$25 million taking the total to \$50 million. The bill passed the Senate 45-1 on Tuesday and is already on the committee schedule in the House Monday morning.

HB 1008 – is DFI’s budget bill and was voted out of House Appropriations yesterday with a 21-0 “do pass” recommendation. The amended bill closely resembled the governor’s proposed budget and restored the additional FTE that was requested by the department to focus on money transmitter supervision and oversight.

HB 1165 – seeks to create state law applications to zoning issues when structures are damaged beyond 50 percent of its value. The bill was heard in the House Political Subdivisions Committee late yesterday morning. ICBND has not taken an official stance on this, but after hearing the testimony it seems that local authority over these circumstances makes more sense. City representatives from West Fargo and Grand Forks testified against the bill. The committee has not acted yet.

HB 1467 – seeks to move the authority over grain, grain buyers, warehousing, deposits and warehousemen from the public service commission to the ag commissioner. Apparently, 38 other states place this responsibility in the ag department and the department seems eager to accept the authority. The bill passed unanimously out of the House Ag Committee and was rereferred to House Appropriations.

HB 1485 – is a data privacy bill being pushed by Representative Jim Kasper on behalf of Microsoft. While it’s characterized by supporters as a way to deal with public mistrust in technology, business groups including ICBND have created a coalition in opposition stating such a bill would hamper North Dakota’s economy, impose regulations far outside the national mainstream and frustrate consumers. Our stance is that there should be one set of privacy rules developed from federal legislation. The original bill language was inspired by legislation enacted in California last year but, via amendment in the House IBL Committee Wednesday, now more closely resembles legislation that is being contemplated in Washington. The bill will be heard again in committee on Tuesday morning.

HB 1494 – was originally drafted to require BND to charge market interest rates for certain loans. We opposed the bill because of the effects it could have to the bank’s farm loan programs. It was ultimately amended to only apply to political subdivisions that are taxing districts and only if that political subdivision applies additional taxes, specials or other relevant utility fees. It ultimately met its demise Wednesday in the House by a vote of 6-86.

HB 1509 – would require businesses with 50 or more employees (optional for 50 or less) to participate in a program where employees and employers would contribute 2 cents each per \$10 in wages to a paid family leave fund. Legacy Fund earnings would initially be tapped to kickstart the fund. As drafted, the program would offer up to 12 weeks of coverage per year and 66 percent of wages capped at \$4000 per month. The program would extend to employees who work at least 25 hours per week. ICBND opposed this bill and it received a 9-3 “do not pass” recommendation out of committee and ultimately died on the House Floor by a vote of 17-75 on Tuesday.

SCR 4006 – is a concurrent resolution designating February 25, 2019 as “Bank of North Dakota Day” recognizing BND’s 100th anniversary. It received a unanimous “do pass” from Senate Industry, Business and Labor Committee last week and was adopted by the Senate on Monday.
