

Legislative Update March 1, 2019

SECTION 1: GENERAL

Crossover break has come and gone. In case you didn't know, Crossover is the equivalent of spring break for old people like me. There were a few more tanned faces wandering around the halls this week and I think I even noticed some Caribbean-braided hair and a couple henna tattoos! I sported none of the three.

Actually, it was a little boring at the Capitol during this short week as we reset the clock on those bills that survived their originating chamber. Not surprising, many of the less contentious bills get hearings and floor action this week. My point I guess is that if you have been putting off the tasks of sorting socks or organizing your paper clips, you might want to quit reading now and tackle those very important duties. I promise next week will be more exciting as we have a full hearing schedule of ICBND-tracked bills as outlined in Section 2 of this update below.

If you're still with me, here we go! I reported last week that a bill to decriminalize marijuana possession in small amounts narrowly failed in the House. On the heels of that, marijuana legalization activists have already committed that a new ballot measure will be up for consideration in 2020 and drafters say it will be a full legalization measure. I don't think this should surprise anyone, but I think what might be different next time is that opponents of these measures, including several trade associations, have tired of supplying financial and personnel resources to fight them. As community bankers, I think you best get prepared and dust off your marijuana related banking policies if you haven't already.

Related to initiated measures, several resolutions have been proposed this session seeking to add hurdles to the relatively easy process (at least in North Dakota) of amending the state's constitution and getting other measures on the ballot. One of those resolutions (HCR 3010) would raise the threshold for passing initiated constitutional amendments at the ballot box to 60 percent instead of a simple majority. The committee has not yet acted on this one. HCR 3007 would require initiated measure sponsors to present the measure to a member of the legislature who would then engage Legislative Council to properly draft the language to the intent. This measure seeks to avoid some of the issues with poorly drafted initiated measures that must then be "fixed" by the legislature. It passed the House 77-14 yesterday afternoon.

A long-standing dispute over oil tax revenue seemed to take a huge step toward resolution Thursday afternoon. Leaders from the state of North Dakota and the Mandan, Hidatsa and Arikara Nation signed a new oil tax agreement. The agreement changes how oil tax revenue is divided between the state and tribe for oil produced from new wells at Fort Berthold. Under this new agreement, 80 percent of oil tax revenue from trust lands would go to the tribe and 20 percent to the state. On fee lands, the inverse would occur with 80 percent to the state and 20 percent to the tribe. This agreement still needs approval from the North Dakota House which seems likely.

On a lighter note, the House, through a concurrent resolution Thursday, recognized Cara Mund as Miss America. While this isn't "white knuckle" policy stuff, I'm still amused by the four curmudgeons who voted against it!

SECTION 2: BILL UPDATES FROM ICBND “PRIORITY” TRACKING LIST

SB 2093 – is the Department of Financial Institution’s (DFI) “housekeeping bill” that was heard in the House IBL Committee Wednesday. Not much in the bill related directly to community banking other than some helpful modernization language. ICBND supports the bill as drafted and it received no opposing testimony. However, the committee did not act on the bill because Representative Beadle may offer an amendment that would exempt some non-bank lenders from money broker licensure requirements. If offered, we will oppose such an amendment.

HB 1008– is the DFI’s budget bill and was heard this morning in the Senate Appropriations Committee. I testified in support of the bill and, in collaboration with NDBA and CUAD, offered an amendment to increase the budget by \$300,000 taking it back to the 2015-2017 biennium base budget. Chairman Holmberg plans to establish a subcommittee to address the amendment so no action was taken in committee.

HB 1067 – relates to municipal bid requirements. Currently, a municipality may not issue bonds in an amount exceeding \$100,000 without first advertising for bids. This nominal amount in code goes back to the 1970’s. HB 1067, as introduced in the House, would have increased that nominal amount to \$1 million. The House Political Subdivisions Committee amended the bill to \$750,000 which passed the House on an 85-4 vote. Yesterday, the bill was heard in Senate Political Subdivisions Committee and the committee amended it back to the original \$1 million and gave it a “do pass” recommendation. This is a good bill for community banking as it will provide some flexibility for municipalities to directly negotiate with their local community bank for small issuances.

HB 1220 – is ICBND’s collaborative superpriority ag supplier lien bill which was turned into a Legislative Management Study (that’s code for “we lost”) and passed unanimously through the House. The bill was heard today in the Senate Ag Committee and received a 4-0 “do pass” recommendation after much testimony in a packed hearing room. ICBND and others testified in support of the bill and there was no opposing testimony. The amended bill directs legislative management in coordination with the secretary of state to study how the state’s central indexing system can be used to provide notification to a secured lender when a superpriority lien is filed on the collateral of the secured lender. It’s not what we originally wanted, but hopefully it gets us to a better place than we are today.

HCR 3026 – is a concurrent resolution urging Congress and the IRS to allow states to determine health benefit coverage requirements without jeopardizing health savings account eligibility. While this is only a resolution, it is important to us especially as it relates to the ND Banks Benefit Trust and its associated HSA. We support this resolution and it received a 6-0 “do pass” recommendation from the Senate IBL Committee Wednesday.
