

Legislative Update January 15, 2021

SECTION 1: GENERAL

The first full week of North Dakota's 67th Legislative Assembly is in the books. Floor sessions are starting to gather steam as bills work their way out of committees. Most of those bills are fairly noncontentious so floor sessions have been pretty vanilla thus far. But have no fear, we'll be privy to some pretty good theatre before long.

Introduced in the last several days are bills dealing with guns, masks, breastfeeding, abortion criminalization, land posting, and a slew of bills seeking to restrict to varying degrees the governor's ability to issue executive orders and for how long. None of these are a big surprise especially the executive order issue. The relationship between Governor Burgum and the legislature in general has been chilly at best and certainly hasn't improved during the pandemic. Generally, legislators felt left out of the process in the determination of mandates regarding masks, business closures, and restricted capacities and hours for certain businesses. As we all know, these issues have become global political lightning rods and our state is no different.

There are also several health insurance and employer mandate bills imposing additional requirements (and costs) on employers and health insurance plans. Obviously, these are concerning to our members (and the ND Banks Benefit Trust) and these bills are a high priority on our tracking list.

Less directly related to community banking but interesting nonetheless are the bonding bills. At least three bonding bills are floating around all in the \$1 billion range. Rumor has it that Representative Jeff Delzer, House Appropriations Chairman, is working his caucus in the House to beat these bills back. As you know, he and the governor have a "history" and he has never taken a fancy to the bonding idea and generally has the House Majority Leader's ear. To me, it seems like a near zero interest rate environment is the prime time to look at bonding for long term necessary infrastructure projects. But the fiscal conservative in me could argue the other side of the issue as well.

SECTION 2: BILL UPDATES FROM ICBND "PRIORITY" TRACKING LIST

HB 1050 – is a bill introduced by the Bank of North Dakota that would exempt it from some of the business incentive accountability reporting for PACE loans. The business accountability reporting as implemented over a decade ago really relates to entities having to report back to the state when incentives were designed to add jobs. Most of the PACE loans don't have a "jobs" requirement and it just ends up amounting to unnecessary administrative work for BND employees and ultimately community bank employees who were also involved in the projects. ICBND testified in support of the Bill. House IBL Committee Vice Chairman Keiser asked that BND draft an amendment where it would still have to report for those incentive situations that actually did have a "jobs" requirement. The amendment was drafted and accepted by the Committee 14-0 and ultimately passed 90-0 in the House Friday afternoon as amended.

SB 2014 – is the Industrial Commission budget bill heard Wednesday morning in the Senate Appropriations Committee. As you can imagine, the bill includes many moving parts and consumed

nearly four hours of testimony. Those aspects of the bill that are of interest to ICBND include the Bank of North Dakota (BND) and the North Dakota Housing Finance Agency (NDHFA) budgets. BND provided an update of the bank’s activities particularly the relief administered through BND during the pandemic. They also discussed their priorities going forward which include transitioning out of the residential real estate mortgage business and expanding its services into real estate evaluations. As BND has discussed with ICBND and its membership, BND will transition the mortgage servicing business to NDHFA initially and ultimately also transfer its mortgage origination service. ICBND and its member banks will remain involved in this project to help ensure that the transition goes smoothly. The real estate evaluation service is very much needed by ICBND member banks and we applaud BND for responding to the need. BND is requesting six full-time equivalents (FTE) in its budget to provide the service which will initially be limited to agricultural real estate evaluations. Ultimately, they would also provide commercial real estate evaluations. ICBND supports BND’s budget request and will work with the appropriations subcommittee toward that end.

ICBND also supports the NDHFA budget which requests two additional FTE’s to service about 2300 loans that will be transitioned from BND. The NDHFA budget also requests two additional FTE’s for the administration of a HUD block grant program that is being transferred from the Department of Commerce to NDHFA. Again, ICBND will be involved with the subcommittee on this bill.

SB 2102– relates to the DFI Commissioner and the State Banking Board’s authority relative to dissolution, insolvency, receivership and liquidation of financial institutions under DFI supervision. The bill would allow the department more flexibility to act in the event of an emergency (ransomware attack for instance) or the necessary closure of an institution. Commissioner Kruse presented this bill and SB 2101 conceptually to the ICBND Legislative Committee in October. ICBND testified in support of the bill and after amendments satisfactory to ICBND, it received a 6-0 Do Pass vote from the Senate IBL Committee and the bill passed the Senate 47-0 as amended on Thursday.

SB 2127 – is the Housing Incentive Fund (HIF) bill under the direction of the North Dakota Housing Finance Agency proposing minor policy changes and requesting a \$50 million appropriation. ICBND supported the bill and it received a 6-0 Do Pass recommendation from the Senate IBL Committee and was referred to the Senate Appropriations Committee. Getting the \$50 million appropriation through the Senate Appropriations will be the heavier lift.
